Dear Darlene,
 Will it ever know
 how far knowing
 you these past 4
 years in Brown. I
 remember in the
 hallways as the
 ballerina in your
 the Ballet Club.
 your friend + classmate
 Genny Zobel

Dear Darlene,
 May the star of happiness
 joy + success
 shine upon you at its best
 But rain may come +
 sadness to.
 But don't be afraid while
 a happy time.

 Cherry Blossoms

On our very first day as Bowenites we were handed a program of our classes and a time schedule. In the following semesters we were introduced to the potentialities of the Master Program. From year to year we have come to appreciate the work that goes into programming the classes and activities of our high school.

Dear Darius,
 this was a bright and
 happy future for a very wonderful
 dancer. Now you have everything
 you ever wished for.

Addressing a meeting in the Little

To the Graduates of 1952

During your four years of high school you have studied many factors which have contributed to good citizenship. Now that you are about to enter a wider field in which to practice good citizenship, it is well to focus your attention on some of the more salient aspects of this important phase of living,—human relations.

The basis, the indispensable condition for successful human relations, is recognition of the dignity and worthwhileness of every human being. This recognition must have its roots deep in a spiritual soil. There must be a real study and understanding of the expression "all men are created equal." From these thoughts comes the realization that every human being is of more worth than the entire physical universe.

With these ideas as a starting point the road ahead seems more clear—human values become evident—action based on friendship ensues. The result is a community of cooperative persons striving for the common good of all.

May each one of you, then, do his share in bringing about this much desired outcome.

Sincerely,

William P. Hearne

Best Wishes

The Assistant Principal

MR ELI J. GOLDBERG

The theme of your yearbook for 1952 is "Program and Schedules in Our School Life." Not unlike such a theme for school life is also one for post-high school life and living, for that is the great venture upon which you are now embarking. This will prove to be a journey of vast and divergent avenues. For some of you, a program for the foreseeable future is well planned: further schooling, employment (travel and yes, marriage, too). For others, and probably just a few, only a mixture of thoughts and ideas without any fixed goals or definite plans for the present. However, as the years unfold those of you who have a program of life will gradually attain that for which you have planned; and those whose programs have not as yet been formulated will gradually develop thoughts and actions for the future. You will discover, as you travel this program of life and living, that problems will arise and answers must be given. Take these problems as a matter of course, and use your experiences, education and wisdom to formulate answers that will provide you with an abundance of contentment for your program through life and living.

The Library Club

The members of the Bowen Library Club have had their usual active year. Their latest projects have been sending a CARE package of books to India, and helping to prepare three scrap books for the Junior Red Cross. These scrapbooks were sent to foreign countries. Three of the members attended a recruitment luncheon, the purpose of which was to interest high school students in joining the library profession. Club members helped during the Frolics book sale, which took place in the library. They also prepared a series of book displays in the school lobby. Student assistants hold monthly meetings for fun as well as instruction. The most important meeting is the semi-annual tea which honors graduating members of the club.

The Office Club

Our Main Office, the vital nerve center of our school, would never be so effective were it not for the student help who carry on many essential routines, among them mailing and filing. They furnish speedy, efficient messenger service between the office and every room in the school. And best of all, they do it with a smile!

The Book Room

The task of issuing books at the beginning of each semester and of receiving and storing them at the end, is by no means an easy one. Accurate records are kept of all books. New books must be stamped and classified, and the old ones sent to the bindery when necessary. However, Mrs. Fossier and her capable staff have done their job very well.

In the past, the Jacket Girls have contributed innumerable services to Bowen. This last year has been no exception.

By sharing the expense with Senior Girls' Council, they were able to buy an exquisite antique Sheffield silver coffee urn which will be used in the Social Room for formal teas and receptions.

In order to raise funds for the Frolics, the Jacket Girls held a pre-sale of identification bracelets. They held an additional sale the night of the Frolics which included a jewelry auction.

The annual luncheon is always looked forward to with much enthusiasm. Last year's guests of honor were Mr. Hearne and Miss Barlow. Entertainment was provided by Phyllis Meleskie and Raymond Lasocki. A program of equal excellence is planned for this year.

The prime objective of the Shutterbugs is to foster an interest in the art of photography among the students at Bowen.

Meetings are held about twice a month. At these meetings, the members often hear speakers on different phases of photography, such as filters, lens speeds, lenses, color photography, and dark room technique.

However, the various subjects are made easy enough to understand, so that all members, whether advanced camera enthusiasts or merely beginners, can profit from the talks. Many times the members themselves speak to the rest of the group on a certain topic in which they are interested.

The highlight of this past year was the sponsoring a schoolwide photo contest. This contest inspired the young photographers to out-do themselves in taking good pictures, which in itself is far more important than the material gain.

But all is not business—the club also takes field trips to points of interest in the Chicago area, and the members spend half a day or so snapping pictures.

Shutterbugs is a fairly new club, having been founded in 1946 by Mr. William H. Collins, the former assistant principal. Mr. Arthur Larsen, an art teacher, very ably took over the job as sponsor upon Mr. Collins, retirement.

The Visual Education Club

The Visual Education Club is organized to show movies for classes throughout the school. Mr. Hurd, the sponsor, has helped shape our club since he replaced Mr. Kelly this semester. With our fleet of smooth running projectors and up-to-date films, the crew shows over 2500 movies per year. Membership in the club offers good experience for anyone who likes projectors and movies. The banquet is the highlight of the year where letters are awarded and a good time is had by all. Lettermen this semester are Brubaker, Lykins, Martin and Sanford. To earn a letter, a members must have completed four semesters of service.

Mr. Kelly, R. Lykins, D. Stepanyk, L. Martin, T. Bernat, J. Brubaker.

The Pan American Club

The Pan-American Club has a total membership of 54. Every semester the club organizes a committee which in turn selects a group of talented students. These girls and boys work together to create a skit and then display their talents in it. This play is held on Columbus Day and also on Pan-American Day. At this time the Club demonstrates to the students and faculty of Bowen High the real meaning of these days. The members not only enjoy themselves in this undertaking, but take great satisfaction in knowing that they put across to others the principles involved in these great days.

During the Frolics of 1952, the Pan-American Club proudly presented a South-American skit with Joe Garcia and Bill Dawson taking the parts of Dean Martin and Jerry Lewis as the main characters. Carmen Miranda, the Beautiful Dancing Girls and the Singing Waitresses were a few of the many acts that were represented.

The Pan-American Club will always be one of the most active and worthwhile clubs in Bowen.

The French Club

Twice monthly the strains of the French national anthem are sung earnestly by Le Cercle Francais. This club was originated to better acquaint the French students with the language and customs of France. Thus the entire meeting is conducted in French.

Entertainment for the meetings is provided by the members or by a short movie. The highlights of the past year have been the two tours at the Art Institute to view special exhibits of the works of Cezanne and Matisse, and a farewell party given in honor of Mr. Johnson, a student teacher from the University of Iillinois.

Gloria, Lesley and Arlene are giving Violet their Contributions to the food and clothing gift package.

The Lunchroom

Good food prepared and served in our modern lunchroom.

The tremendous success of the lunchroom can only be attributed to the high quality of food, efficient service and the friendly co-operative staff which has been personally trained by Mrs. Lindberg.

The lunchroom is always immaculately clean and only the highest standards of cooking and serving are maintained.

The menus used by our lunchroom are made up monthly by the Wells Test Kitchen. All students in the Chicago area are served the same well-balanced menu.

The Print Shop

The Print Shop, with Mr. Fisher as instructor, gives the boys a great opportunity to learn the basic and advanced printing techniques.

They cover all work on platen and cylinder presses. The shop gives invaluable service by printing the school paper, the various programs and schedules for all events, the tickets for dances, all registration material as well as other printed matter used by the school.

The Auto Shop

Of the many fine shop courses which are offered at Bowen for the boys, that of auto shop is one of the most outstanding. Under the instruction of Mr. Brandenburg, the boys learn many important items about automobiles. Some of the things that they are taught are how the ignition system operates and what makes automatic transmission work. The boys also have access to other fine equipment which they may operate.

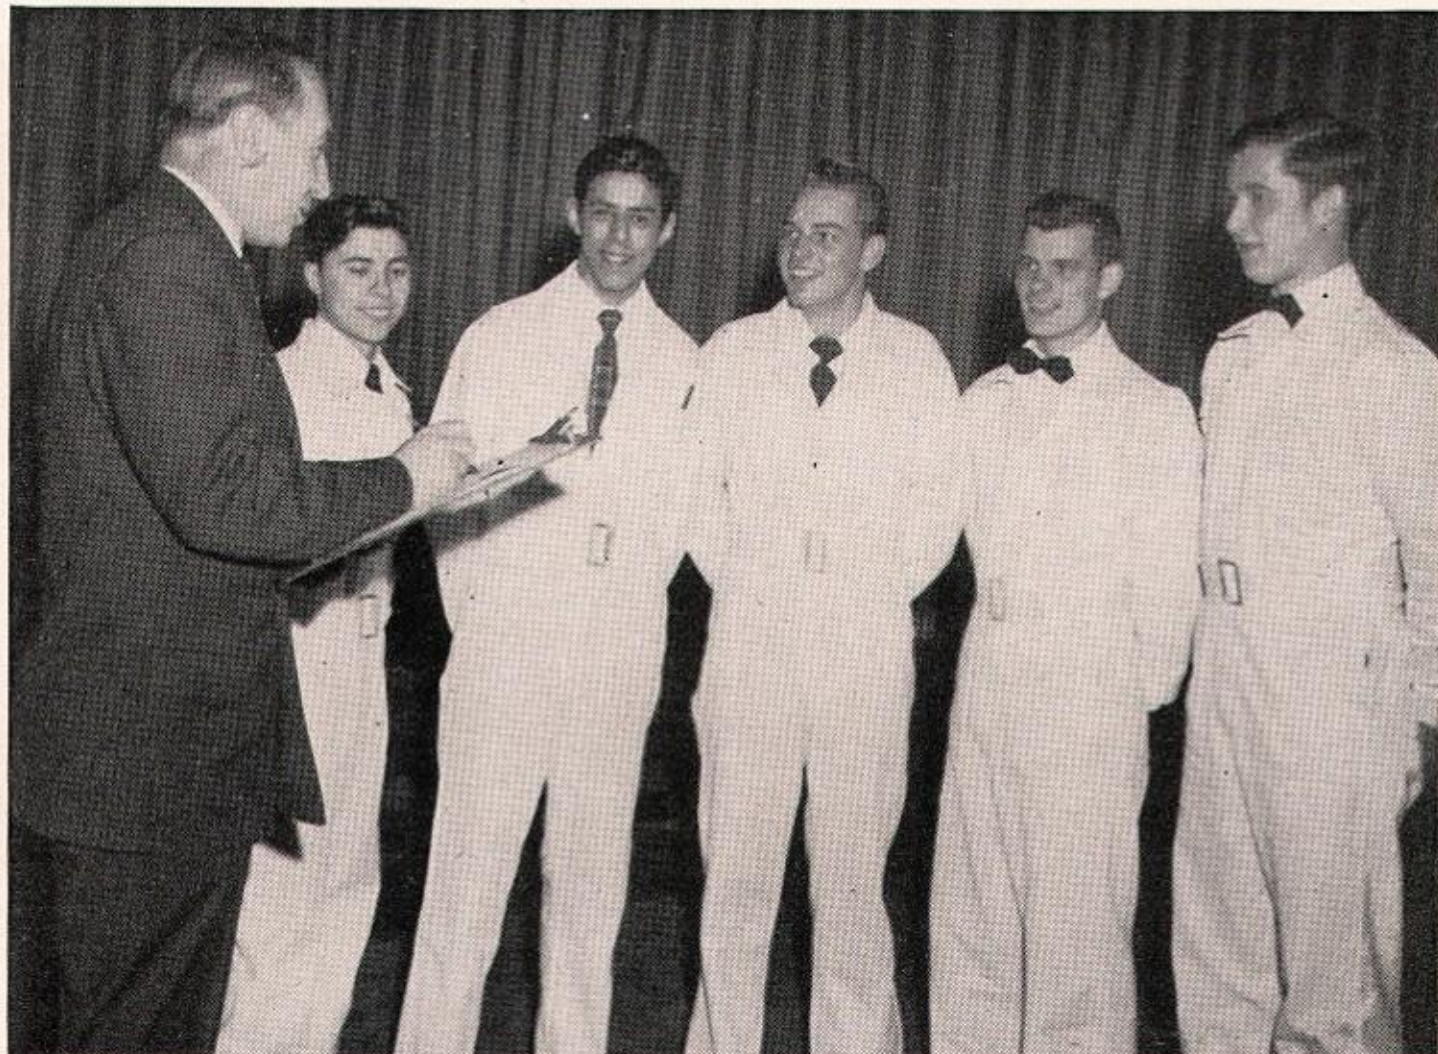

The Chicago Board of Education has a building budget in which a bill has been put through providing Bowen with a new auto shop. This shop will replace the one now standing in the school yard. The new shop will be furnished with all the latest equipment. Bowen hopes to have this new shop before 1953.

You probably have wondered who arranged the stage, took care of the lights, the curtain and all the other backstage functions for our assemblies. Well, they are none other than Bowen's Stage Crew, dressed in their white uniforms which they wear with pride. Yes, the shows couldn't go on without these hard-working boys. We owe them and their leader, Mr. H. H. Brandenburg, many thanks for the fine work they have done and are doing.

The Chess and Checker Club.

The Chess and Checker Club

Entering into league competition for the first time since its birth, the Bowen Chess and Checker Team gained much experience by their efforts. Playing a schedule of 12 checker games in the fall semester, the checker team won 2 and lost 9 with 1 tie. This record was noticed by many chess and checker-minded underclassmen who apparently decided they would try to improve the team. Although three of the top chess players graduated in January, the beginning of the new chess season, they were replaced by skilled underclassmen who, after accepting a formal challenge, defeated the Blue Island Chess Club by a score of eight to two in each of two matches.

Concerning our future, Mr. Rogers predicts that, "This year's freshmen will improve greatly over last year's team."

Massucci fades back to pass.

The coach delivers a pep talk.

The most successful football season in five years, was climaxed with the largest, and finest banquet in Boilermaker history. The principal speaker for the affair was Ray Eliot, genial mentor of the Rose-Bowl Champions, the Fighting Illini, from the University of Illinois.

The banquet is an annual event sponsored by the Bowen High Council to honor the people responsible for the success of the team. Some two hundred guests, parents, and interested citizens of the community were on hand to pay tribute to our gridgers.

The highlight of the entire evening was the presentation of awards to the athletes. The graduating seniors who received miniature footballs for their service were: Carl Larson, Rodney Morris, Eli Grba, Harold Sanford, Charles Bland, James Stewert, Dean Pearson, James DeBolt, Jack Massucci, and Robert Kelly.

Those who received letters and are returning to next year's squad are: Fred Ban, John Galich, Ronald Moreland, Gordon Beaudoin, Paul Haller, Tom Wozniak, Joe Skubicz, Andy Jeanor, Ray Leyerle, Roger Ulaskas, Stanley Tinsley, Frank Pickett, Ron Bokowy, Ronald Mizwicki, Jerome Wyrobek, Paul Tanzillo, Ronald Walley, and Ronald Stone.

Second Row: R. Moreland, J. Fuscaldo, F. Lamparski, W. Mc Gee, G. Tews, J. Chengary, D. Liebner, J. Bozich, H. H. Pritikin, Coach.

After getting off to a slow start, the 1952 Senior quintet piled up five straight victories in league competition. This surge kept the Boilermakers in contention for a play-off berth until the final game, a 52-51 loss to Morgan Park.

Jim Chengary, sharp shooting center, led the team in scoring followed closely by his brother, John, Eli Grba, and Gordon Beaudoin. Rick Herndobler, plagued by an ankle injury early in the season, turned in a creditable job at guard post along with Captain John Chengary. Gordon Beaudoin and Eli Grba, at forwards contributed several hot streaks in the winning spree the Boilermakers enjoyed. Jim Chengary's rebound ability and scoring punch made the rangy sophomore an asset.

With Jim Chengary, Beaudoin, Ron Moreland, Wayne McGee and Glen Tews, all lanky candidates for the center post, returning prospects for a winning team next year look very bright.

When the 1951-52 Junior Basketball season started, experts throughout the city had one comment, "Watch out for Bowen."

During the season Bowen was getting noticeably stronger, and when it came time for the championship play-offs, no one was surprised to see that Bowen had taken second place in the tough south section.

The Boilermakers racked up six consecutive games before meeting C.V.S. (City Champions) and gave the Cavaliers their best game of the year. The next game brought the Bowenites another loss at the hands of the Fenger Five, striving for the play-offs. Victories over Carver and Morgan Park closed the regular season play.

Entering the playoffs with an 8-2 record, Bowen engaged Lindblom of the Central Section and won a real thriller 53-52. Next was Wendell Phillips, first place team in the Central Section. Playing on the Phillip's home floor, before a partisan crowd, the Boilermakers were unable to play consistantly good basketball and were defeated 42-40. This ended the season for the Juniors who had closed a very successful year with a total record of 12-4.

John Loumbas ----- *President*

Harold Stearman ----- *Vice-President*

Angelo Strazzante ----- *Sec. - Treas.*

Boys Bowling League

The team consisting of Harold Stearman, Don Mitchell, Bill Gram, and Dave Morgan were the champs this year. They called themselves the "Four Jugs". The "Three Strikes" and a Blow", consisting of Angelo Strazzante, Glenn Bingman, Paul Polovina and Dave Houser, gave Stearman and his boys a run for their money by finishing only one game behind.

Since only nine boys are graduating, next year will be even better than this one.

This year the Bowen Bowlers went downtown to engage in the City Prep Pin Crown Championship. Those who bowled were Harold Stearman, Frank Niekrasz, Hank Knerr, John Loumbas, and Angelo Strazzante.

1952 Baseball

First Row: E. Grba, D. Barber, T. Galovich, R. Jingling, N. Popravak, N. Copolillo, R. Jolly, R. Gorence, R. Herndobler, F. Borucki, Mgr.
Second Row: H. Pritikin, Coch, R. Jaworski, W. Rozich, L. Boyer, R. Peterson, J. Bozich, C. Jahnke, R. Moreland, W. McGee, R. Peterlin, P. Suknovich, J. Chengary, D. Napierkowski, H. Sanford, Captain.

With only two starters returning from last year's squad a giant rebuilding process was in order. Starting from scratch at the first fall baseball practice in Bowen's history, Coach Harry Pritikin set out to make a team that would equal the 1951 squad, which was runner-up for city championship laurels.

With All-City hurler Eli Grba and flashy fielding outfielder Nick Popravak to build around and returning lettermen Chengary, Napierkowski, and Herndobler, who were used mainly in utility roles last season, things did not look quite so dark.

Chip Jahnke, Ron Moreland, and Wayne McGee returned to bolster the pitching staff, and Bob Jolly and Dick Jingling returned to the infield.

The starting infield consisted of Herndobler, Gorence, Jolly and Chengary, while Napierkowski, Popravak and Peterlin patrolled the pastures. In combining veterans and rookies, Coach Pritikin has created another fine diamond crew.

1952 Baseball

Since taking over the duties of Baseball mentor last year, Coach Harry Pritikin has led his teams through two very successful seasons. Last year his team went to the city finals in Comiskey Park, before falling before the Cavaliers from Chicago Vocational.

Mr. Pritikin, besides building championship baseball teams, is also the basketball coach, and has tutored top-flight hoopsters. His junior teams for the past two years have gained city playoff berths, and he has built up the senior squad from scratch into a respected quintet.

To prove his ability as a coach, 5 of last year's starting 9 are in college on scholarships, and 1 is playing professional ball in the Brooklyn Dodger farm chain. Some record!

Coach Harry H. Pritikin.

The Girls Athletic Association

The Largest Organization in Bowen

What?

The G. A. A. of Course!

G.A.A. stands for Girls' Athletic Association and is open to all girls in Bowen. The girls who join receive many benefits from the association as a whole. Its main purpose is to provide recreational and social activities for all of its members, and to foster a feeling for and a practice of good sportsmanship and fair play.

The Girls' Athletic Association is the largest organization at Bowen, with a membership of 1,000. Membership for a semester is only 10 cents. The membership card is used for admission to playdays, splash parties, G.A.A. Award Assemblies and many other events.

G. A. A.

The Board, under Mrs. S. Stern's supervision, plan the activities, such as the Intramural Tournaments and the All-Star Teams. There are Intramural Tournaments for Volleyball and Basketball teams, and All-Star Teams are chosen in Volleyball, Basketball and Captain Basketball. Also the Board gives a Freshie Party. This is a party given for all 1B's to get them acquainted with each other and the G.A.A.

At the end of each semester an award assembly is held. Awards are given to the Intramural winners and the girls who come out on top in the Marathon swimming are awarded medals. Certificates are given to the girls who come out the highest in the Posture Contest. Bowling emblems are also given to the highest team in the bowling league and the girls with the five highest individual scores. The main awards are the Emblems, Letters, and Chevrons. To receive an Emblem, one must have earned 500 points, to receive a letter one must have 1000 points and a Chevron 1000 points. These points are made in general gymnastic work, health, team games, individual activities, leadership and scholarship. After a girl has received her Emblem, Letter and Chevrons, she may try for the Highest award the G.A.A. can offer, and that is a Gold Pin and Star.
